TO THE HONORABLE UNITED STATES BANKRUPTCY COURT:

COME NOW René H. Coumans, and Moo Town Dairy, L.L.C., Debtors and Debtors in possession in the above-styled and numbered case (collectively, the "Debtor"), and file this *Debtors' Emergency Motion for Authorization to Continue Liability and Other Insurance Programs and to Enter Into Financing Agreements Relative Thereto* by and through the undersigned attorney. In support thereof the Debtor would respectfully show the Court as follows:

I. JURISDICTION

1. The Court has jurisdiction over the subject matter of this Motion pursuant to 28 U.S.C. §1334(b) and the standing order of reference of the District Court. This matter is a core proceeding. 28 U.S.C. §§ 157(b)(1), (b)(2)(M).
2. Venue in this Court is proper under 28 U.S.C. §§ 1408 and 1409.
3. The bases for the relief requested herein are sections 105(a), 363(b), 363(c), and 503(b) of title 11 of United States Code, 11 U.S.C. §§ 101-1532 (the "Bankruptcy Code").

II. BACKGROUND

A. Procedural History

4. This case was commenced by the filing of a voluntary petition under Chapter 11 of the United States Bankruptcy Code on October 25, 2010 (the "Petition Date").
5. No trustee or examiner has been appointed, and no official committee of creditors has yet been established.

B. Business History and Operations

6. The Debtor currently owns and operates a dairy farming operation located in Northeast Texas (the "Dairy Farm").

7. René Coumans ("Coumans") started Belle Vue Dairy (the "Dairy Farm") in November, 1999, when he, along with his ex-spouse, purchased 164 acres of land and a small milk barn in Hopkins County, Texas. A small home adjacent to the original 164 acres was purchased soon thereafter and became Coumans' present homestead. The Dairy Farm began operations utilizing the services of only Coumans and one employee.

8. In June, 2000, the Dairy Farm expanded its operations with the purchase of an additional 100 cattle. Coumans also implemented a heifer-raising program during 2000 which allowed the Dairy Farm to begin rearing heifer calves born on the farm for use as milk cows. This program allowed the Dairy Farm to: (1) replenish its herd size internally, thereby minimizing its need to purchase replacement milk cows; and (2) shield it from price fluctuations in the cattle market.

9. The Dairy Farm continued to expand its operations when, in 2002, with its lease of the Friskes Dairy. The lease of the Friskes Dairy facility allowed the Debtor to double its milking cattle herd size in three years to approximately 1000 milking cows in 2005.

10. The growth of the Dairy Farm operations attracted more favorable financing from larger national lenders. In 2004, the Debtor entered into a credit facility with Bank of the West.

11. In early 2005, the Debtor was presented with the opportunity to acquire additional land and facilities that would allow for indoor housing of milk cows and for the on-site production of feed. This facility is commonly referred to as the Moo Town Dairy. The Debtor entered into a three year lease-purchase agreement with the assistance of Agriland and Bank of the West to acquire the Moo Town Dairy. At this juncture, the Debtor's herd size increased to approximately 1800 to 1900 cattle housed on three facilities. The original Belle

Vue Dairy housed approximately 800 cows, the leased Friskes Dairy about 300, and the newly acquired Moo Town Dairy about 750. The total number of employees rose to about 26.

12. In May, 2006, the Debtor further expanded its operations when it entered into an owner-financed agreement to purchase Sonador Dairy, LLC. This acquisition added 450 acres of land and an additional 700 head of cattle to the operation.

13. By July, 2006, the Debtor was housing approximately 2400 cows on the four facilities described above.

14. In August, 2006, the decision was made to terminate the lease of the Friskes Dairy to allow the Debtor to focus on the operation of the three larger, and more profitable, dairy locations.

15. In 2008, the Debtor created Bokito Farming, LLC ("Bokito"), to provide some separation of the dairy and farming aspects of its business operations. Bokito is currently on title to most, if not all, of the farming equipment.

16. The Debtor currently employs approximately 30 individuals who work with approximately 1900 milking cows, 1000 head of dry cows in pasture, 45 breeding bulls, and approximately 2300 heifer calves of between 1 day and two years of age.

17. The Debtor's business operates 24/7 and is focused upon the care and feeding of dairy cows used in the production of milk for sale to wholesale buyers. The Debtor also generates additional revenue from the sale of certain cattle, primarily bull calves and/or older or non-producing dairy cows (collectively, the "Cull Cows").

18. The Debtor, like other dairy farming operations throughout the country, has faced serious economic challenges in the recent past. Milk prices plummeted to historic lows in 2009. Although milk prices have recovered somewhat during 2010, the pricing of product and

the overall cost of production continue to provide challenges for the Dairy Farm's profitability. Adding to the Debtor's financial challenges is the fact that agricultural lenders are markedly less willing and/or able to work with borrowers to extend loan payments in the current economy. Despite all of the recent economic challenges faced by the Dairy industry, the Debtor has been profitable from day one and throughout the course of its business operations.

19. The case *sub judice* is basically a balance sheet restructuring case and not an operational restructuring case. The Debtor's assets and going concern value are worth less today than they were worth in 2004 when the Debtor most recently restructured its finances with Bank of the West. This case is filed to restructure an overleveraged balance sheet, not to restructure operations *per se*.

C. Insurance Policy

20. The Debtor maintains three general liability and casualty insurance policies (the "Policies") in connection with the operation of Dairy Farm. The policies are provided by Texas Farm Bureau Insurance ("TFBI"). Summaries of each policy's coverage and limits are attached hereto as Exhibit "A" and incorporated herein by this reference.

21. The Debtor is currently obligated to make post-petition payments in connection with the premium financing agreements related to the Policies in the approximate sum of \$1,716.50 per month. Policy one will need to be renewed in November, 2010, Policy two in June, 2010, and Policy three in August, 2011.

22. Because it is not always economically advantageous for the Debtor to pay the insurance premiums on a lump sum basis, in the ordinary course of the Debtor's business, the Debtor will opt to finance the premiums on its insurance policy pursuant to premium financing

agreements with TFBI. In exchange for the financing, the Debtor agrees to pay monthly installments in accordance with a pre set payment schedule.

III. RELIEF REQUESTED

23. By this Motion, the Debtor requests the entry of an order pursuant to Sections 105(a), 363(b), 363(c), and 503(b) of the Bankruptcy Code authorizing, but not requiring, the Debtor, in accordance with its stated polices and in its ordinary course, to honor its obligations under its current insurance premium financing agreement as well as to enter into new insurance premium financing agreements during the course of this bankruptcy case as necessary.

IV. BASIS FOR RELIEF

24. Pursuant to section 503(b)(1) of the Bankruptcy Code, a debtor may incur, and the court, after notice and a hearing, shall allow as administrative expenses, among other things, “the actual, necessary costs and expenses of preserving the estate.” 11 U.S.C. § 503(b)(1). In addition, pursuant to section 363(b) of the Bankruptcy Code, a debtor may, in the exercise of its sound business judgment and after notice and a hearing, use property of the estate outside of the ordinary course of business. *Id.* § 363(b). Section 105(a) of the Bankruptcy Code further provides:

The court may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of this title. No provision of this title providing for the raising of an issue by a party in interest shall be construed to preclude the court from, *sua sponte*, taking any action or making any determination necessary or appropriate to enforce or implement court orders or rules, or to prevent an abuse of process.

Id. § 105(a). The Debtor submits that the use of the estates’ funds for payment of the insurance policies is permitted by sections 503(b)(1), 363(b), and 105(a) as necessary costs of

preserving the estates.

25. The Debtor believes that most of the obligations under the insurance policies will constitute post-petition obligations of the Debtor's estate. However, with respect to those obligations that constitute pre-petition claims, payment of such obligations is necessary and appropriate, and may be authorized under sections 363(b) and 105(a) of the Bankruptcy Code pursuant to the "doctrine of necessity." The "doctrine of necessity" functions in a chapter 11 case as a mechanism by which the bankruptcy court can exercise its equitable power to allow payment of critical prepetition claims not explicitly authorized by the Bankruptcy Code and further supports the relief requested herein. See, e.g., *In re CoServ, L.L.C.*, 273 B.R. 487, 490 (Bankr. N.D. Tex. 2002) (holding that a court may authorize payment of prepetition claims if, among other things, dealing with the claimant is virtually indispensable to the preservation of the estate); see also *In re Lehigh & New England Ry. Co.*, 657 F.2d 570, 581 (3d Cir. 1981) (holding that a court may authorize payment of prepetition claims if such payment is essential to continued operation of the debtor); *In re Ionosphere Clubs, Inc.*, 98 B.R. 174, 176 (Bankr. S.D.N.Y. 1989) (authorizing the payment of prepetition employee wages and benefits while recognizing the judicial power to "authorize a debtor in a reorganization case to pay prepetition claims where such payment is essential to the continued operation of the debtor"); *see also, In re Just for Feet, Inc.*, 242 B.R. 821, 824 25 (D. Del. 1999) (holding that Bankruptcy Code section 105(a) "provides a statutory basis for the payment of prepetition claims" under the doctrine of necessity and noting that the Supreme Court accepts the authority of the bankruptcy court "to authorize payment of pre petition claims when such payment is necessary for the debtor's survival during chapter 11.") The rationale for the "doctrine of necessity" is consistent with the paramount goal of chapter 11 – "facilitating the continued operation and rehabilitation of the

debtor...." *Ionosphere Clubs*, 98 B.R. at 176. Accordingly, the Debtor seeks authority, pursuant to sections 503(b)(1), 363(b), and 105(a) of the Bankruptcy Code, to honor their insurance premium financing obligations.

26. Further, if the Debtor was not able to enter into insurance premium financing agreements, the Debtor would be required to pay up-front for such polices. Such a requirement will negatively impact the Debtor's cash flow. The Debtor believes it is in its best interest to continue its current insurance premium financing agreements and to enter into new similar agreements as required by the Debtor's prudent business practices.

V. BANKRUPTCY RULE 6003

27. The Debtor submits that the facts set forth in the Declaration of Rene Coumans in Support of First Day Motions filed contemporaneously herewith establish that "the relief requested herein is necessary to avoid immediate and irreparable harm" to the Debtor. Bankruptcy Rule 6003. Accordingly, Bankruptcy Rule 6003 is satisfied.

VI. BANKRUPTCY RULE 6004

28. The Debtor seeks a waiver of the notice requirements of Bankruptcy Rule 6004(a) and the fourteen (14) day stay of any order authorizing the use, sale, or lease of property under Bankruptcy Rule 6004(h) in light of the exigent nature of the relief requested herein.

VII. NOTICE

29. Notice of this Motion has been given via email or facsimile transmission to: (1) the Office of the United States Trustee for the Eastern District of Texas; and (2) each of the Secured Lenders as identified in the Mailing Matrix *infra*. Each of the Debtor's unsecured creditors and any additional parties identified on the attached Mailing Matrix were served via

US Mail.

WHEREFORE, the Debtor respectfully requests this Court enter an order authorizing the payment of insurance premium financing obligations; to enter into post-petition premium financing agreements; and for such other and further relief as this Court might deem just and proper.

Respectfully submitted,

 POLICY ENDORSEMENT**
 (APPLICABLE TO TFR-1)

POLICY NUMBER	DECL
60659106	012

The following endorsement changes your policy. Please read this document carefully and keep it with your policy.

GENERAL EXCLUSIONS, Exclusion 7. is added to read as follows:

7. RUST, MOLD, FUNGUS, BACTERIA, WET OR DRY ROT OR OTHER MICROBES.

We do not cover loss consisting of caused by, contributed to, aggravated by or resulting from rust, mold, fungus, bacteria, wet or dry rot or other microbes.

This exclusion does not apply to an ensuing loss caused by Fire and Lightning (peril 1), Sudden and Accidental Damage from Smoke (peril 2), or Explosion (peril 4).

However, we do cover an ensuing rust, mold, fungus, bacteria, or other microbe or wet or dry rot loss caused by or resulting from sudden and accidental discharge, leakage or overflow of water, but only if:

- (a) the sudden and accidental discharge, leakage or overflow of water occurs during the policy period and would otherwise be covered under Fire and Lightning (peril 1), Sudden and Accidental Damage from Smoke (peril 2), Windstorm, Hurricane and Hall (peril 3), Explosion (peril 4), Aircraft and Vehicles (peril 5), or Riot and Civil Commotion (peril 6); and
- (b) all reasonable means were used to save and preserve the property described in Coverage A (Dwelling) and Coverage B (Personal Property) from further damage at and after the time such Peril(s) Insured Against occurred.

This coverage does not apply to, and we do not cover any loss consisting of, caused by, contributed to, aggravated by or resulting from rust, mold, fungus, bacteria, wet or dry rot or other microbes under any other Peril insured Against in this policy.

Sudden and accidental shall include a physical loss that is hidden or concealed for a period of time until it is detectable. A hidden loss must be reported to us no later than 30 days after the date you detect or should have detected the loss.

For the purpose of this exclusion, ensuing rust, mold, fungus, bacteria, wet or dry rot or other microbial losses covered under this policy include reasonable and necessary repair or replacement of property covered under Coverage A (Dwelling) and Coverage B (Personal Property).

We do not cover the cost for remediation, including testing of ensuing rust, mold, fungus, bacteria, wet or dry rot or other microbes... We do not cover any increase in expenses for Fair Rental Value (if applicable) and/or Debris Removal due to remediation and testing of ensuing rust, mold, fungus, bacteria, wet or dry rot or other microbes.

Remediation means to treat, contain, remove or dispose of rust, mold, fungus, bacteria, wet or dry rot or other microbes beyond that which is required to repair or replace property covered under Coverage A (Dwelling) and Coverage B (Personal Property) damaged by water. Remediation includes any testing to detect, measure or evaluate rust, mold, fungus, bacteria, wet or dry rot or other microbes and any decontamination of Coverage A (Dwelling) and Coverage B (Personal Property) on the described location or property.

All other terms of the policy apply.
